

Support Groups

Minnesota Department of Human Services and North Homes Children and Family Services are excited to announce Permanency Support Services for all adoptive, foster and kinship families in Greater MN.

Support groups are an excellent tool where families are able to share experiences and encourage each other in a confidential, non-judgmental setting. Support groups are facilitated by North Homes case managers, with years of experience in both adoption and foster care fields. It is an opportune time for families to network, problem solve and gather information on available resources and trainings.
